# Bbc iplayer app paused

The company has been accused of using its best content for «promoting a poor service.» Timer for Android devices, the incapacity to reliably view trace names, the difficulty of sharing content, a limited programming range and a mediocre search function. Supporting older systems is expensive and unaffected for those who pay the fee, given the relatively small number of people who still use them. The BBC has been accused of «ignoring the public» for the decision to turn off its iPlayer radio app and replace it with the BBC Sounds app, which only works on more recent operating systems. The issuer launched the "App À «Destined as a digital home for all its audio content» last November, in an attempt to attract younger listeners, but the software was the app only works on recent operating systems, including iOS 11, Android 5 or Amazon OS 5 or later, which means that people with older devices cannot access the service. Turning off the predecessor of the app, iPlayer Radio, it started this week and users received messages that invite them to download BBC Sounds. The BBC Sounds app is a bad substitute, especially for vocal radio content. "It is the perfect analogy for the brexit, "he wrote another. Anger broke out when a popular podcast by host Jane Garvey and radio host Fi Glover was made available exclusively on BBC Sounds, forcing listeners to download the new app. This is the worst decision the BBC has ever made since they commissioned Mrs. Brown's Boys. À"Part of our More of Less initiative, BBC Sounds is a condensation of BBC Radio and BBC Noise, which in 2020 will be reused as BBC Echo À'a large empty room, probably in Kidderminster". Age UK Director said: À"Technology is constantly evolving, and for many people At the launch of the app, actor Hugh Bonneville, who played the fictitious BBC values leader Ian Fletcher, on the sitcom W1A, tweeted a satirical response to a question about the BBC's purpose. BC Sounds by comedian Jenny Eclair. That's a good question, Jenny, and we're glad you asked it, Bonneville said. In most cases, people with old systems can still use BBC Sounds on that device via the web. "This is also the case for iPlayer Radio, which would have stopped supporting the same old systems in the near future if it hadn't been shut down. But for older people who can't afford to buy the latest laptop or tablet, find it hard to keep up with the changes, or just want to stick to what they know, it can be a real problem and also a reason why, over time, they stop going. À «A BBC spokesman said: À« As for most apps, BBC Sounds requires people to have a one .ppa .ppa oidar reyalPi eht fo gnidne eht tuoba snreocn erahs eWÁÁÁ :dias reweIV dna renetsI. eht fo ecioV puorg remusnoc eht rof nosrepskops ÁÁ Á cus scivres gnimaerts dna stsacodp tub ,oidar ot tsuj ton detcartta srenetsil fo noitareng txeñ eht ot laeppa ot dengised si etisbew dna ppa sduoŝ CBB ehtÁ regnol on ot sppa detadpu rof ecitcarp dradnats si tíÁ 'ÁÁlis gnitarepo redlo esoht gnisu llits evah ew sresu fo rebmun llams ylevertical eht nevig ,sreyap eef ecnecl rof yenom rof eulav doogÁÁ tneserper ton did smetsys gnitarepo redlo gnitroppus dias ,rotcerid noitacude dna oidar sÁÁ - CBB eht ,llenruP semaj ,htnom siht reilrae tsopgolb a ni gnitirWÁÁÁÁÁ. noitsarnat eht rof emit erom evig ot tsael ta CBB eht egru eW .aidem laicos no revohctiws eht tuoba denialpmoc ppa reyalPi eht fo sresU ,noisrev wen eht ot meht refsarnat ot elba ot lliw dna ,enog si ppa dlo eht ecno semmargorp dedaolnwod esol lliw sresU .srebmern ruo fo rebmun tnacifngis a rof tnatropmi si ppa oidar reyalPi gnitsix eht ,reffo ot hcum sah sduoŝ CBB elihW .worrnot gninnigeb ,skeew owt txeñ eht revo nwod tugnieb si ppa oidar reyalPi CBB eht .smetsys gnitt arepo nredom erom snur hcilh
